Program Application Form

5KixFM is always looking for programs that reflect the diversity of our community. Please complete this form and submit it to the 5KixFM committee to be assessed at the monthly meeting and you will be notified of the outcome.

If an individual, group or volunteer has an idea for a program that they wish to present or have presented, please contact the Program Co-Ordinator or a Committee member regarding your ideas and suggestions.

Planning to present the program yourself, then you will be required to join as a financial member and undertake the required training. The Volunteer Handbook and CBAA Codes of Practice must be read and understood before any on-air activity is allowed.
